

ABOUT

# Virtual Pitch Audit Workshop

*with Julie Solomon*

Ever wanted Julie to personally review, audit & revamp your pitches?

# For the first time ever, she is doing that!

The VIP enrollment includes access to a LIVE virtual pitch audit workshop with Julie. The pitch audit is also recorded and added to your student portal for lifetime access and viewing.

## HERE'S HOW IT WORKS

You sign up for the live pitch audit workshop (date and time of workshop to be announced in May, 2019). A week before the live workshop, you will receive a form to submit your pitch email for Julie to audit. Julie will select 5 of the most “commonly seen pitch issues” from the submissions to personally audit. ALL VIP students will gain access to the workshop where Julie walks them through, step-by-step, each pitch audit. Then, the pitch audit is recorded and added to your student portal for lifetime access and viewing. **At the end of the audit presentation, you will be invited to ask Julie pitch related questions.**

## BUT JULIE...

*“I have a life! What if I am not able to make it live?”*

Girl, we got you! The workshop will be recorded and saved in your student portal for lifetime access and viewing, so you can come back to Julie’s timeless and strategic training over and over again.

**PLUS**, you will have the opportunity to submit pitch questions to Julie if you can’t make it live, and she will answer them even if you aren’t there!

## BUT JULIE...

*“What if you don’t pick the pitch email I submit? Will the workshop still be useful for me?”*

Sister...**Julie is giving you personalized time, sharing the most common, super specific pitch challenges and answering your very own questions.** Of course it will be useful! Just make sure you submit a pitch, ask questions and watch the workshop either live or once it’s in your portal, okay ;)

*note*

**Space is limited for this workshop and this offer will go fast, so hurry and save your seat before it fills up!** There is no cancellation or refund policy for the workshop. If you have additional questions please contact [support@juliesolomon.net](mailto:support@juliesolomon.net).
